Award

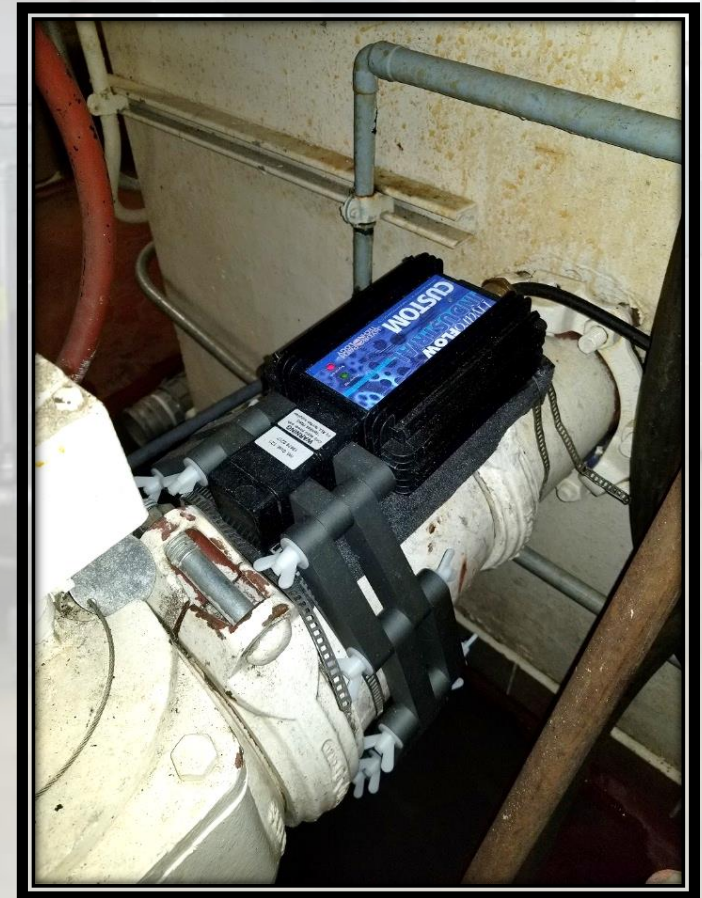

*HydroFLOW I  
Range Products  
(Powered by  
HydroPath technology)  
HydroFLOW USA LLC*

2017

# WEF Innovative Award Subcommittee:

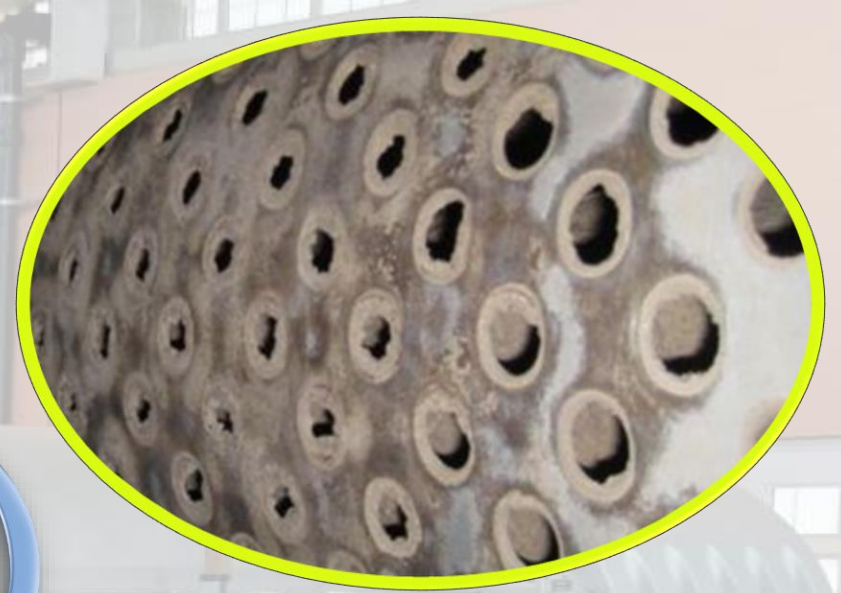

“The *HydroFLOW* product, powered by Hydropath technology, showed to be extremely innovative with field data supporting the claims of removing struvite build-up in pipelines.”

# WEF Innovative Award Subcommittee:

“This product could have an extreme benefit for many plants around the US struggling with struvite in their digesters, connecting pipes and dewatering devices.”
